Description

Helen is an acoustic panel with a simple design fashioned for an absorption treatment range from 350 Hz up to 5000 Hz.

Artnovion developed Helen for people who do not like to change the aesthetics of their living rooms or the arrangement of their home cinemas, but still want a proper acoustic solution for problems such as first reflection control.

Easy and effortless to apply, this acoustic panel is a classic and timeless solution. Wrapped in a premium selection of fabrics, it is available in 10 different colours to match your unique preferences.
